

Globo Cesta

Globo Cestita

A

B

Strolling through Barcelona in the 1960s, designer Miguel Milá found an abandoned opal globe in front of a glass factory. He picked it up, and over the years, it became the heart of this large family. As its name suggests, Cesta (Spanish for “basket”), was designed to hold this fragile piece.

Freed from its structure, the opal glass now shines on its own, maintaining the elegance of a classic with a contemporary presence.

General description:

White opal glass lampshade.
Black metallic circular canopy.
Suitable for side entry adaptor.
Junction Box adaptor included Ø 11,7 cm / 4.6” (UL market).
Electric cable length: 3 m / 118.1”
